burden to me And yet if the mental physical chemical and other innumerable facts concerning all branches of knowledge which have united in myself could be broken up they would prove endless It is some untold mystery of unity in me that has the simplicity of the infinite and reduces the immense mass of multitude to a single point This One in me knows the universe of the many But in whatever it knows it knows the One in different aspects It knows this room only because this room is One to it in spite of the seeming contradiction of the endless facts contained in the single fact of the room Its knowledge of a tree is the knowledge of a unity which appears in the aspect of a tree This One in me is creative About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
