

Battlefield Classroom

David Wallace Adams

Battlefield Classroom:

Battlefield and Classroom Richard Henry Pratt, 2003 General Richard Henry Pratt best known as the founder and longtime superintendent of the influential Carlisle Indian School in Pennsylvania profoundly shaped Indian education and federal Indian policy at the turn of the twentieth century His experiences led him to dedicate himself to Indian education and from 1879 to 1904 he directed the Carlisle school believing that the only way to save Indians from extinction was to remove Indian youth to nonreservation settings and there inculcate in them what he considered civilized ways *Creating Tropical Yankees* José-Manuel Navarro, 2002 This volume is a comprehensive collection of critical essays on *The Taming of the Shrew* and includes extensive discussions of the play's various printed versions and its theatrical productions Aspinall has included only those essays that offer the most influential and controversial arguments surrounding the play The issues discussed include gender authority female autonomy and unruliness courtship and marriage language and speech and performance and theatricality Original Sins Eve L. Ewing, 2025-02-11 NEW YORK TIMES BESTSELLER A fascinating and eye opening look at how American schools have helped build and reinforce an infrastructure of racial inequality a must read for every American parent and educator Esquire Though the argument of this book is bleak it illuminates a path for a more just future that is nothing short of dazzling Oprah Daily This book will transform the way you see this country Michelle Alexander author of *The New Jim Crow* A BEST BOOK OF THE YEAR The New Yorker Esquire Elle Chicago Public Library LONGLISTED FOR THE ANDREW CARNEGIE MEDAL If all children could just get an education the logic goes they would have the same opportunities later in life But this historical tour de force makes it clear that the opposite is true The U S school system has played an instrumental role in creating and upholding racial hierarchies preparing children to expect unequal treatment throughout their lives In *Original Sins* Ewing demonstrates that our schools were designed to propagate the idea of white intellectual superiority to civilize Native students and to prepare Black students for menial labor Education was not an afterthought for the Founding Fathers it was envisioned by Thomas Jefferson as an institution that would fortify the country's racial hierarchy Ewing argues that these dynamics persist in a curriculum that continues to minimize the horrors of American history The most insidious aspects of this system fall below the radar in the forms of standardized testing academic tracking disciplinary policies and uneven access to resources By demonstrating that it's in the DNA of American schools to serve as an effective and underacknowledged mechanism maintaining inequality in this country today Ewing makes the case that we need a profound reevaluation of what schools are supposed to do and for whom This book will change the way people understand the place we send our children for eight hours a day **Turning on the Power** Nathan Sowry, 1980 Presents examples of expandable power in job activities and work activities Based on Dr Rosabeth Moss Kanter's pioneering management studies **Education for Extinction** David Wallace Adams, 2020-06-10 The last Indian War was fought against Native American children in the dormitories and classrooms of government boarding schools Only by removing

Indian children from their homes for extended periods of time policymakers reasoned could white civilization take root while childhood memories of savagism gradually faded to the point of extinction In the words of one official Kill the Indian and save the man This fully revised edition of Education for Extinction offers the only comprehensive account of this dispiriting effort and incorporates the last twenty five years of scholarship Much more than a study of federal Indian policy this book vividly details the day to day experiences of Indian youth living in a total institution designed to reconstruct them both psychologically and culturally The assault on identity came in many forms the shearing off of braids the assignment of new names uniformed drill routines humiliating punishments relentless attacks on native religious beliefs patriotic indoctrinations suppression of tribal languages Victorian gender rituals football contests and industrial training Especially poignant is Adams s description of the ways in which students resisted or accommodated themselves to forced assimilation Many converted to varying degrees but others plotted escapes committed arson and devised ingenious strategies of passive resistance Adams also argues that many of those who seemingly cooperated with the system were more than passive players in this drama that the response of accommodation was not synonymous with cultural surrender This is especially apparent in his analysis of students who returned to the reservation He reveals the various ways in which graduates struggled to make sense of their lives and selectively drew upon their school experience in negotiating personal and tribal survival in a world increasingly dominated by white men The discussion comes full circle when Adams reviews the government s gradual retreat from the assimilationist vision Partly because of persistent student resistance but also partly because of a complex and sometimes contradictory set of progressive humanitarian and racist motivations policymakers did eventually come to view boarding schools less enthusiastically Based upon extensive use of government archives Indian and teacher autobiographies and school newspapers Adams s moving account is essential reading for scholars and general readers alike interested in Western history Native American studies American race relations education history and multiculturalism

The Education of Clarence Three Stars Philip Burnham,2024-05 With graceful prose and biographical narrative Philip Burnham brings to life Clarence Three Stars one of the most significant Native American activists of his generation **Civilians at the Sharp End**

David A. Borys,2021-02-18 Mitigating the destruction and chaos wrought upon the civilian populations of northwest Europe during the latter years of the Second World War became the focus of Civil Affairs a little known branch of the First Canadian Army Comprising a motley collection of civilians turned soldiers too old for combat yet too valuable to remain off the front lines the members of Civil Affairs served as liaisons between Canadian combat forces and the civilians they encountered on the ground Civilians at the Sharp End follows the story of the Civil Affairs branch through France Belgium the Netherlands and Germany in 1944 45 David Borys highlights how Civil Affairs helped civilians caught in the jaws of war by delivering food and medicine providing shelter for refugees and displaced persons establishing law and order dealing with resistance groups and aiding in the reconstruction of infrastructure in damaged urban areas Once in Germany the branch was further

challenged as it transformed into a military government and became a force of occupation rehabilitating a war torn Germany and purging the state of its Nazi leadership while at times having to protect German civilians from the recently liberated prisoners of the Nazi state Borys demonstrates that while the Canadian Army was indeed concerned for the welfare of civilians military operations took priority over civilian needs Civil Affairs was forced to negotiate this complex terrain assisting civilian populations while ensuring that they never impeded the work of the Canadian military and the ultimate defeat of Nazi Germany

Gita for the CEO Chaitanya Charan,2024-12-15 Gita for the CEO makes the timeless wisdom of the philosophical classic the Bhagavad Gita accessible to the contemporary mind Condensing the relevant principles from the Gita into 10 sutra like statements it brings a richer more spiritual appreciation of life work and success It provides principles and practices addressing daily concerns such as Managing stress Be concerned not disturbed Team building Words shape worlds watch your words Facing reversals Life determines our problems we determine their size Suited not just for present and potential leaders but also for all those who wish to lead themselves more effectively Gita for the CEO paves the way towards stronger commitment greater achievement and deeper fulfillment

The Vanishing American Brian W. Dippie,1991 Traces the turns of U S Indian policy and the effects of white social attitudes on Indian assimilation

A Kiowa's Odyssey Phillip Earenfight,2007 Presents the sketchbook made by Kiowa warrior artist Etahdleuh Doanmoe at Fort Marion in 1877 with other drawings and photographs and essays about the U S Army s exile of Arapaho Comanche Cheyenne and Kiowa Native Americans from Oklahoma to Florida and subsequent Westernization and assimilation of the prisoners
