Developing Human Values:

Developing Human Values Brian P. Hall, 1990 The process by which human beings as they grow toward maturity develop values is not an automatic one The process can be fostered by a number of teaching strategies The strategies include the techniques of self discovery the provision of learning environments that encourage growth and the practice of specific skills This volume provides a theoretical basis for an understanding of value development together with practical materials for applying the theory in the lives of individuals and institutions A model the Four Phases of Consciousness was designed that charted a pattern of human moral and intellectual growth in terms of what individuals value in life The model projected a series of four phases through which all humans pass on their journey toward the fullest possible development Section 1 focuses on value development theory and identifies the four phases of consciousness in detail analyzes the factors that enable individuals to move through the phases explores the relationship between skills and the internalization of values introduces the classification of instrumental intrapersonal imaginal and system skills and applies the value theory to the educational system Section 2 presents a series of exercises in each of the four skill areas because skill development is crucial to making changes in behavior and values All of the exercises are intended to present the individual with new data about the self and to explore a series of choices crucial to the process of giving direction to one's life Seven appendices are included 1 application of value theory 2 feeling words 3 value skill time list 4 125 values and their definitions 5 glossary 6 bibliography and 7 Hall Tonna Inventory of Values DB

Value Theory Deshun Li, 2013-07-12 Humankind's progress has always been driven by two momentums the pursuit of truth and the creation of value But our understanding of value and our ability to reflect on its complexity has long lagged behind our constant search for truth This has in turn limited our grasp of the essence of truth This book takes philosophical contemplations on value to a new level while also explicating some contemporary Chinese styles of philosophical thought Over the past 25 years this book has been having an increasing impact on Chinese readers and researchers and it also provides a good platform for international dialogue on several key issues of philosophical studies

Public Value and Social Development Bing Wang, 2022-03-26 This book aims to seek for the truth which connects public value and social development as basis to build a harmony community for individuals as well as society The book tries to bridge science technology economics politics history ethics and environment under the concept of public values and reveals the essentials of public policy for individual and social development The potential audience of the book are officials and policy makers in the public sectors as well as managers in the private sectors
