However, although the countermeasures taken to reduce cold weather damage to the kingdom's agriculture have been bearing fruit, there is still much work to be done to combat the food crisis now looming over the entire continent. In particular, the rain-producing magical tools that the Kingdom of Bedeith provided to the Beltz Empire haven't been working as intended, an issue which could both jeopardize the already shaky relations between the two nations and serve as the tipping point for political disputes within the empire. As the developers of the tool, it's up to Amelia and Sarge to return to the empire to investigate the problem, uncover the truth about the enigmatic empire, and maintain the peace of the continent.

Understanding Learning Difficulties in Maths: Dyscalculia, Dyslexia or Dyspraxia? Judy Hornigold, 2017-10-16 Why do some pupils experience maths learning difficulties? How can you determine whether there is a specific learning difficulty such as dyscalculia, dyspraxia, or dyslexia? What teaching strategies can help overcome maths anxiety and specific maths learning difficulties? Without doubt, maths is one of the most important subjects taught in schools, and yet it is the one subject that can strike fear and dread in children from the very start of their education. In this book, Judy Hornigold explores potential causes of maths learning difficulties and particularly the specific difficulties that learners with dyscalculia, dyslexia, and/or dyspraxia experience. It considers how general maths anxiety impedes mathematical development and then examines whether this or a more fundamental and specific difficulty with maths, such as dyscalculia, is the real root of difficulties. The book then looks in detail at a wide range of strategies to help overcome general maths anxiety and more specific learning difficulties. It addresses four distinct areas: core number reasoning, memory, and visual spatial awareness as the main areas of difficulty for learners with dyscalculia; core number and reasoning, dyslexia, memory, and dyspraxia; visual spatial awareness.
