first Catholic book you've ever read but after you're done it won't be the last [Reasons to Believe](#) Scott Hahn, 2007-05-08 This book unravels mysteries, corrects misunderstandings and offers thoughtful, straightforward responses to common objections about the Catholic faith. Bestselling author Scott Hahn, a convert to Catholicism, has experienced the doubts that so often drive discussions about God and the Church. In the years before his conversion, he was first a nonbeliever and then an anti-Catholic clergyman. In *REASONS TO BELIEVE*, he explains the how and why of the Catholic faith, drawing from Scripture, his own struggles, and those of other converts, as well as from everyday life and even natural science. Hahn shows that reason and revelation, nature and the supernatural, are not opposed to one another; rather, they offer complementary evidence that God exists. But He doesn't merely exist; He is someone, and He has a personality, a personal style that is discernible and knowable. Hahn leads readers to see that God created the universe with a purpose and a form, a form that can be found in the Book of Genesis and that is there when we view the natural world through a microscope, through a telescope, or through our contact lenses. At the heart of the book is Hahn's examination of the ten keys to the kingdom, the characteristics of the Church, clearly evident in the Scriptures. As the story of creation discloses, the world is a house that has a Father, a palace where the king is really present. God created the cosmos to be a kingdom, and that kingdom is the universal Church, fully revealed by Jesus Christ. [A Complete Catechism of the Catholic Religion](#) Joseph Deharbe, 1919 [The Leading Doctrines of the Catholic Religion: Being the Substance of a Sermon](#) Peter Augustine Baines, 1816 [Believing in Jesus](#) Leonard Foley, 1994 Leonard Foley wrote *Believing in Jesus* to help born Catholics come to a deeper understanding of the beliefs and practices they have held all their lives and to help those who approach the Catholic Church for the first time. He wrote, "I hope this book will help some scared and scarred people and challenge others." **Catholic Faith Foundations** David Werning, 2018-02-09 Too often Catholics feel like they don't know or remember enough about their faith to share it with others. Finding answers to basic questions about what Catholics believe and why can seem like a daunting task. *Catholic Faith Foundations: Back to the Basics* offers a concise, easy-to-follow review of the basic teachings of the Catholic Church. Author David Werning guides readers through the fundamentals of the Catholic Faith, inviting readers to enrich their understanding of the Church's doctrinal and spiritual riches.
