through my entire life And although I haven't as much as touched cat for years due to assisted living restrictions Mr Bigazzi's words set off nothing less than a culinary firestorm of memory in my brain Now as I have no children myself I have decided it would be best to pass down many of these recipes most of which exist only as crumbling sheets of brown paper on to you the general public Yes cats certainly are our pets but I promise you that our furry feline friends also provide a delicious and flavorful meat quite unlike anything else you have ever tasted I can only tell you that cat can be difficult to cook at first but once you get the hang of it I am as sure as hell that you will find these recipes as appealing as any you might come across You will see as many of my followers have that a cat meat stew coupled with a fine red Tuscan wine is one of the most wondrous dining experiences a person can ever have In addition to these time tested recipes I've included many valuable tips and ruminations that have served me well throughout my life So even though you might not be able to find the time or be able to afford an Italian vacation but now with my book perhaps you can experience the next best thing in one of the many dishes originating from the enchanting land of Tuscany
