Pocket Guide to Chakras, Revised Joy Gardner, 2020-06-02 A revised and updated approachable and down to earth guide to understanding the chakras and their energy in the body. A clairvoyant can see seven energy vortexes radiating like multi colored suns along the axis of the human spine. These whorls of spinning energy are known as chakras, the Sanskrit word for wheel. Today the ancient awareness of chakras is recognized as a legitimate model for health and illness, providing us with a rich, complex method of organizing the holistic mind-body-spirit connection. This concise introduction to the chakras addresses what they are, where they are located, how they function, how they open and close, and how their energy can be changed. In a time when spirituality is preferred over religion, all you need to know about chakras is right here. Selected Musical Terms of Non-Western Cultures Walter Kaufmann, 1990 **Books Out Loud**, 2007 *The Utne Reader*, 2002 *The Publishers Weekly*, 2005 CD Review Digest, 1990 *Circle Network News*, 1998 *Musicworks*, 1997 Hi-fi News, 2004 Sounds Like Om Dick de Ruyter, Danny Becher, Marjolein Berkvens, 2006-08. Traditionally, this sound is viewed as the mother sound, the source of all other sounds, or even the origin of creation. The OM sound is a harmonizing vibration resonating in the whole of our bodies while lifting our spirits to another level. The visual image of the OM sound is called the Sri Yantra, which consists of two series of triangles surrounded by lotus leaves and circles. Meditating on the Sri Yantra while chanting the OM mantra is a powerful spiritual practice. This book and CD set offers a unique way to learn about the Sri Yantra symbol and the OM mantra, which has been used for over 5,000 years by Eastern yogis to facilitate concentration and meditation. With simple exercises and meditations, the book offers insights to be put into practice, instantly enhancing mental and physical health. The CD features a variety of OM chanting sounds. Some tracks show how to train the voice and breathing, and others are made to be internalized as a sound meditation on the intense tranquility and beauty of the OM mantra, which can only be experienced in the here and now.
