Apocalyptic Movement:

The Apocalyptic Movement, Introduction & Interpretation Walter Schmithals, 1975 Apocalypse Pablo

Richard, 2009-05-01 The Book of Revelation has always been a mysterious and intriguing book describing in symbolic terms the confrontation between the Disciples of Christ and the powers political and supernatural that hold sway over the current age Fundamentalists have been attracted to the book and have sought to decipher its strange symbols as coded prophecy of future events But as Pablo Richard shows in *Apocalypse* the most powerful readings of the Book of Revelation are through the eyes of the oppressed living out their Christian faith in the context of the modern empire It is they who identify most strongly with Revelation's ultimate message of hope and life in the midst of death and persecution *Apocalypse* first provides a general introduction to the reading of Revelation by examining three keys for its understanding the historical the sociological and the literary structural The book then goes on to explore the whole of the Book of Revelation following the book's own structure Each section provides a line by line reading of the text establishing the literal meaning before applying the interpretive keys already established **Determinism and Petitionary Prayer in John and the Dead Sea Scrolls**

Emmanuel O. Tukasi, 2008-05-08 Tukasi explores the theme of the determinism as articulated in the Rule of the Community and the Fourth Gospel with the aim of uncovering the relevance of petitionary prayer within the framework of the determinism of each book Chapter one sets out the background against which the themes of determinism and petition in 1QS and John should be understood Chapter two explores the nature of the determinism in the 1QS The determinism is cosmological soteriological and eschatological Chapter three demonstrates that the contents of the petitions are in harmony with the determinism articulated in 1QS In our study of the Fourth Gospel chapter four demonstrates that the determinism in John is concerned with the predestination of certain people who are designated as the given ones of the Father It also shows that the determinism of the Fourth Gospel is concerned with the mission of the Son Chapter five analyzes the petitions in John against the background of Johannine determinism It argues that the petitions are shaped by the determinism articulated in the text The conclusion sums up the similarities and differences between John and 1QS in their expression of determinism and petitionary prayer and draws attention to the implications on previous and future scholarship on the relationship between John and the Scrolls
