

LESSON 1

Paragraph Construction

Purpose

The purpose of this lesson is to introduce students to the concept of the paragraph and how it is constructed.

Materials Needed

- ① set of three-hole-punched copies of Lesson 1 Student Pages (pages 7–12) for each student
- ② three-ring binder for each student

Suggested Procedure

Distribute a set of Student Pages to each student. The student lesson is organized so that the first pages present students with new material and the following pages provide practice and reinforcement. With students, go over the pages that introduce new information and examples to make sure they understand the skills being taught. You may want to choose some of the Practice Paragraphs for students to do on their own for additional practice with a particular skill. This practice may entail providing background information about the topic, introducing new vocabulary, and giving more practice with a particular skill. Have students store the Student Pages in their binders.

Follow-Up

Students can use the completed activities in their binders as a resource for future reference.

Reinforce the skills—identifying a topic, key words, topic sentence, supporting sentences—introduced in this lesson when students are reading other materials.

Concepts to Be Taught

- paragraph
- topic
- key words
- topic sentence
- supporting sentences

Skills to Be Learned

Students will be able to identify the topic (using key words), the topic sentence, and supporting sentences in a paragraph.
