**Duke** Terry Teachout,2014-11-04 A major new biography of Duke Ellington from the acclaimed author of Pops A Life of Louis Armstrong Edward Kennedy Duke Ellington was the greatest jazz composer of the twentieth century and an impenetrably enigmatic personality whom no one not even his closest friends claimed to understand The grandson of a slave he dropped out of high school to become one of the world s most famous musicians a showman of incomparable suavity who was as comfortable in Carnegie Hall as in the nightclubs where he honed his style He wrote some fifteen hundred compositions many of which like Mood Indigo and Sophisticated Lady remain beloved standards and he sought inspiration in an endless string of transient lovers concealing his inner self behind a smiling mask of flowery language and

ironic charm As the biographer of Louis Armstrong Terry Teachout is uniquely qualified to tell the story of the public and private lives of Duke Ellington A semi finalist for the National Book Award Duke peels away countless layers of Ellington's evasion and public deception to tell the unvarnished truth about the creative genius who inspired Miles Davis to say All the musicians should get together one certain day and get down on their knees and thank Duke *Blue Notes* Sam V. H. Reese, 2019-09-11 Jazz can be uplifting stimulating sensual and spiritual Yet when writers turn to this form of music they almost always imagine it in terms of loneliness In *Blue Notes Jazz Literature and Loneliness* Sam V H Reese investigates literary representations of jazz and the cultural narratives often associated with it noting how they have in turn shaped readers judgments and assumptions about the music This illuminating critical study contemplates the relationship between jazz and literature from a perspective that musicians themselves regularly call upon to characterize their performances that of the conversation Reese traces the tradition of literary appropriations of jazz both as subject matter and as aesthetic structure in order to show how writers turn to this genre of music as an avenue for exploring aspects of human loneliness In turn jazz musicians have often looked to literature sometimes obliquely sometimes centrally for inspiration Reese devotes particular attention to how several revolutionary jazz artists used the written word as a way to express in concrete terms something their music could only allude to or affectively evoke By analyzing these exchanges between music and literature *Blue Notes* refines and expands the cultural meaning of being alone stressing how loneliness can create beauty empathy and understanding Reese analyzes a body of prose writings that includes Ralph Ellison's *Invisible Man* and midcentury short fiction by James Baldwin Julio Cortázar Langston Hughes and Eudora Welty Alongside this vibrant tradition of jazz literature Reese considers the autobiographies of Duke Ellington and Charles Mingus as well as works by a range of contemporary writers including Geoff Dyer Toni Morrison Haruki Murakami and Zadie Smith Throughout *Blue Notes* offers original perspectives on the disparate ways in which writers acknowledge the expansive side of loneliness reimagining solitude through narratives of connected isolation
