Dunkirk Directive:

The Dunkirk Directive Donald Richmond,1984-02-01 *Resistance and Liberation* Douglas Porch,2024-01-25 New history of la France libre Vichy collaboration and the resistance from the campaigns in Tunisia and Italy to Liberation

Metaphysical Animals Clare Mac Cumhaill,Rachael Wiseman,2023-10-24 A BEST BOOK OF THE YEAR THE NEW YORK TIMES BOOK REVIEW AND THE NEW YORKER A vibrant portrait of four college friends Iris Murdoch Philippa Foot Elizabeth Anscombe and Mary Midgley who formed a new philosophical tradition while Oxford s men were away fighting World War II The history of European philosophy is usually constructed from the work of men In *Metaphysical Animals* a pioneering group biography Clare Mac Cumhaill and Rachael Wiseman offer a compelling alternative In the mid twentieth century Elizabeth Anscombe Mary Midgley Philippa Foot and Iris Murdoch were philosophy students at Oxford when most male undergraduates and many tutors were conscripted away to fight in the Second World War Together these young women all friends developed a philosophy that could respond to the war s darkest revelations Neither the great Enlightenment thinkers of the past the logical innovators of the early twentieth century or the new Existentialist philosophy trickling across the Channel could make sense of this new human reality of limitless depravity and destructive power the women felt Their answer was to bring philosophy back to life We are metaphysical animals they realized creatures that can question their very being Who am I What is freedom What is human goodness The answers we give they believed shape what we will become Written with expertise and flair *Metaphysical Animals* is a lively portrait of women who shared ideas but also apartments clothes and even lovers Mac Cumhaill and Wiseman show how from the disorder and despair of the war four brilliant friends created a way of ethical thinking that is there for us today

The Eisenhower Deception Clive Egleton,1986 *Social Science Directive Study Sheets ... Dearborn (Mich.) (Fordson school district),1929* *Federal Register* ,1966 *Field Marshal Von Manstein* Marcel Stein,2007-02 Most military historians are in agreement that Feldmarschall Erich von Manstein was the most outstanding German high commander of the Second World War Many view him as the foremost exponent of large scale mobile operations in any of the Second World War armies Surprisingly no biography of him has yet been written To this day his family refuses to release the papers of his estate to the German military archives at Freiburg Furthermore the contradictions in the personality of von Manstein make it difficult to generate a synthesis On one side there is an extraordinary military talent on the other many political and moral aspects His military achievements stand in sharp contrast to his inhumane policy of occupation in Russia his active participation in the slaughter of Jews in Southern Ukraine and the Crimea and his ambivalent attitude to the military resistance movement These contradictions have led the author to describe Manstein as the Janushead the term chosen for the title of the book He has not written a traditional biography but a portrait A complete account of all phases of Mansteins career is given in one chapter seven more chapters deal extensively with milestones in Mansteins career his successful plan for the battle of France which led to the defeat of the French Army in

less than one month his dereliction of duty during the battle for Stalingrad his hubris which led to the disaster of the battle for Kursk his refusal to take part in the military resistance movement his compliance with the Commissar order and his involvement in the Holocaust he author has widened the subject well beyond the personality of its central figure It shows how the Nazi system step by step succeeded in perverting the centuries old traditions of the Prussian and German officer corps
