Durable Inequality:

Durable Inequality Charles Tilly, 1998 Annotation Provides a fresh look at the causes and effects of inequality drawing attention to the place of unequal categories in exploitation *Durable Inequality* Charles Tilly, 1998 Race, Economics, and the Politics of Educational Change John M. Amis, Paul M. Wright, 2017-01-10 The 2010 national midterm elections produced Republican majorities in Tennessee for the first time since Reconstruction In the wake of that election leaders of the Shelby County Schools SCS school district began legislative maneuvering to advance a long cherished goal granting their schools special school district status a move that would permanently sever the relationship between the SCS and the other school district in the county Memphis City Schools MCS Leaders of MCS realized this action would deprive it of funding from a significant part of the county's tax base So they made a stunning move of their own they renounced the MCS charter Ironically under Tennessee law this action required SCS to take over the running of Memphis's schools SCS would actually be forced to merge with MCS Thus began the largest school district consolidation in the history of the United States *Race Economics and the Politics of Educational Change* progresses through nine chapters that examine the MCS SCS merger from a variety of disciplinary perspectives Historical sociological political legal institutional urban planning media studies and educational analyses of the consolidation render John M Amis and Paul M Wright's volume a valuable tool for researchers students policy makers and educators alike The investigations in this work reveal deeply entrenched inequalities that have thwarted education particularly for poor minority students throughout the region's history This text presents insight into factors that have shaped not just the school system in Shelby County but similar systems across the United States A model for other urban areas that face similar challenges this volume will serve as a significant resource for those seeking to understand the trajectory of large scale educational transformations Euro-Caribbean Societies in the 21st Century Sébastien Chauvin, Peter Clegg, Bruno Cousin, 2018-05-16 This edited collection examines the realities of the last remnants of the European colonial empires in the Caribbean namely the British Dutch and French overseas territories Although known and perhaps infamous for their role as high end tourist destinations and financial centres these small jurisdictions are complex and multifaceted places While this volume considers their role as financial centres it does so from alternative and original perspectives by examining how the sector shapes the internal dynamics of these Caribbean societies and how it is itself shaped by global trends A range of contributions is included that highlight other key issues Political relations between the territories and their metropolitan centres and with the European Union are the focus of several chapters highlighting the stresses and strains and in many cases the unfulfilled expectations of devolved governance Further chapters describe the economic instability and factors of political conflict faced by some of these societies and the available options to address them Finally several chapters reflect more specifically on the territories internal social and ethnic dynamics and the hierarchies and inequalities that result Bringing together a variety of different disciplinary perspectives from political science

to sociology and from anthropology to geography this book will be of great interest to any academic or student who wishes to see how an often overlooked part of the world is actually a key site of socio economic transformation and a crucial nexus in global affairs

S bastien Chauvin is a sociologist and an Associate Professor at the Institut des Sciences Sociales at the University of Lausanne Switzerland His research deals with immigration citizenship gender sexuality law and labour in France and the USA With Bruno Cousin he has also developed a multi sited research programme on social and symbolic capital and the cultural sociology of economic lites with a focus on Western Europe lite male social club sociability the Caribbean region Saint Barth lemy and new forms of conspicuous consumption among the global super rich His other ongoing writing explores the intersections of race nationalism sexuality and citizenship in the Netherlands France and the USA

Ernesto Castañeda, Cathy Schneider, 2017-05-08

Charles Tilly is among the most influential American sociologists of the last century For the first time his pathbreaking work on a wide array of topics is available in one comprehensive reader This manageable and readable volume brings together many highlights of Tilly s large and important oeuvre covering his contribution to the following areas revolutions and social change war state making and organized crime democratization durable inequality political violence migration race and ethnicity narratives and explanations The book connects Tilly s work on large scale social processes such as nation building and war to his work on micro processes such as racial and gender discrimination It includes selections from some of Tilly s earliest influential and out of print writings including *The Vend e Coercion Capital and European States the classic War Making and State Making as Organized Crime* and his more recent and lesser known work including that on durable inequality democracy poverty economic development and migration Together the collection reveals Tilly s complex compelling and distinctive vision and helps place the contentious politics

approach Tilly pioneered with Sidney Tarrow and Doug McAdam into broader context The editors abridge key texts and in their introductory essay situate them within Tilly's larger opus and contemporary intellectual debates The chapters serve as guideposts for those who wish to study his work in greater depth or use his methodology to examine the pressing issues of our time Read together they provide a road map of Tilly's work and his contribution to the fields of sociology political science history and international studies This book belongs in the classroom and in the library of social scientists political analysts cultural critics and activists

Understanding Class Erik Olin Wright, 2015-09-15 Leading sociologist examines how different readings of class enrich our understanding of capitalism Few ideas are more contested today than class Some have declared its death while others insist on its centrality to contemporary capitalism It is said its relevance is limited to explaining individuals economic conditions and opportunities while at the same time argued that it is a structural feature of macro power relations In *Understanding Class* leading left sociologist Erik Olin Wright interrogates the divergent meanings of this fundamental concept in order to develop a more integrated framework of class analysis Beginning with the treatment of class in Marx and Weber proceeding through the writings of Charles Tilly Thomas Piketty Guy Standing and others and finally examining how class struggle and class compromise play out in contemporary society *Understanding Class* provides a compelling view of how to think about the complexity of class in the world today

The Power of Sociology Gudmundur Oddsson, Jenny M. Stuber, James Michael Thomas, 2025-12-10 Explore the world of sociology through a defining feature of all societies power The *Power of Sociology* Grasping Our Unequal World introduces students to sociology through the discipline's primary concern the causes and consequences of social inequality and at its core power The central organizing principle of social life power is relevant to every reader and fundamental to all major sub areas of sociology Authors Gudmundur Oddsson Jenny M Stuber and James Michael Thomas weave discussions of power throughout the book and devote a chapter to a broad exploration of the concept To highlight the social impacts of rapid globalization and growing global inequality this book embraces a cross cultural comparative perspective thereby elevating under represented voices from the sociological community around the globe This approach challenges students to see themselves as global citizens capable of making their communities and our world a better place This text is offered in Sage Vantage an intuitive learning platform that integrates quality Sage textbook content with assignable multimedia activities and auto graded assessments to drive student engagement and ensure accountability Unparalleled in its ease of use and built for dynamic teaching and learning Vantage offers customizable LMS integration and best in class support Instructors see how Vantage works Take a brief self guided tour with our interactive demo

Political Equality. Problems and Achievements of a Contested Concept Linda Vuskane, 2020-01-17 Essay from the year 2011 in the subject Politics General and Theories of International Politics grade 8/7 Liverpool John Moores University course Political Ideology language English abstract This essay presents an analysis of the highly contested concept of equality While it will touch on the issues surrounded basic equalities the main focus will be on

the concept and achievement of political equality and the problems associated with it The essay concludes that perhaps an absolute equality in any terms is impossible Different forms of equality influence each other hence achieving one form of equality may prohibit achieving another Many inequalities still exist today in any democratic country not to mention those inequalities of people living under non democratic regimes However change is happening as shown by the evolution of the concept of equality And although the achievement of political equality in practice is undermined by the socioeconomic inequalities still existing in all societies political equality is nevertheless an important goal which we have to strive for

Journal of Anthropological Research ,2021 Left History ,2002 *One Nation Divisible* Michael B. Katz,Mark J. Stern,2006-03-16 American society today is hardly recognizable from what it was a century ago Integrated schools an information economy and independently successful women are just a few of the remarkable changes that have occurred over just a few generations Still the country today is influenced by many of the same factors that revolutionized life in the late nineteenth century immigration globalization technology and shifting social norms and is plagued by many of the same problems economic social and racial inequality *One Nation Divisible* a sweeping history of twentieth century American life by Michael B Katz and Mark J Stern weaves together information from the latest census with a century s worth of data to show how trends in American life have changed while inequality and diversity have endured *One Nation Divisible* examines all aspects of work family and social life to paint a broad picture of the American experience over the long arc of the twentieth century Katz and Stern track the transformations of the U S workforce from the farm to the factory to the office tower Technological advances at the beginning and end of the twentieth century altered the demand for work causing large population movements between regions These labor market shifts fed both the explosive growth of cities at the dawn of the industrial age and the sprawling suburbanization of today *One Nation Divisible* also discusses how the norms of growing up and growing old have shifted Whereas the typical life course once involved early marriage and living with large extended families Americans today commonly take years before marrying or settling on a career path and often live in non traditional households Katz and Stern examine the growing influence of government on trends in American life showing how new laws have contributed to more diverse neighborhoods and schools and increased opportunities for minorities women and the elderly *One Nation Divisible* also explores the abiding economic paradox in American life while many individuals are able to climb the financial ladder inequality of income and wealth remains pervasive throughout society The last hundred years have been marked by incredible transformations in American society Great advances in civil rights have been tempered significantly by rising economic inequality *One Nation Divisible* provides a compelling new analysis of the issues that continue to divide this country and the powerful role of government in both mitigating and exacerbating them A Volume in the Russell Sage Foundation Census Series Annual Report Bronfenbrenner Life Course Center,1997 *Islam and the Political* Amr G.E. Sabet,2008-05-20 Compares Islamic and Western political formulations highlighting areas of agreement

and disparity and encouraging an open dialogue between them **Human Ecology News** ,2000 Identities, Boundaries, and Social Ties Charles Tilly,2005 Offering a distinctive coherent account of social processes and individuals connections to their larger social and political worlds this book demonstrates the connections between inequality and de democratization between identities and social inequality and between citizenship and identities Breadwinners and Citizens Laura Levine Frader,2008-03-28 Laura Levine Frader advances the argument that the male breadwinner ideal was stronger in France in the interwar years than scholars have typically recognized **Social Change in the Age of Globalization** Institut international de sociologie. World Congress,2006 This volume provides a compendium of papers presented at the 36th World Congress of the International Institute of Sociology papers which address issues related to the age of globalization and social change including cultural diversities migration and equality social transformation and national identity Book Review Index ,2003 Vols 8 10 of the 1965 1984 master cumulation constitute a title index *International Social Science Journal* ,2005 *Contemporary Social Problems* Vincent N. Parrillo,2002 Revised chapter sequence based on user feedback chapters flow from macro to micro level following the most commonly taught table of contents New Social Constructions of Social Problems feature provides insights for students on how social problems develop New The Globalization of Social Problems boxes offer cross cultural comparisons and illustrate the universality of many social problems New Thinking About the Future feature stimulates the sociological imagination providing an uplifting pro active approach enabling students to offer their own solutions and provide lively class debate Cutting edge topics include gay genetics charter schools blended families the impact of divorce on children voter apathy world hunger and deforestation Expanded discussions of feminist and post modernist viewpoints global warming pollution HMOs and non marital births Vincent Parrillos Website is linked to the Companion Website with Online Practice Tests The authors website includes interactive social problems activities Eclectic theoretical approach to the study of social problems covering all three major sociological perspectives functionalist conflict int
